Construction:

Housing - Continuous, low copper 6063-T6 extruded aluminum profile with cast aluminum endcaps.

Faceplate - Extruded aluminum profile with precision cells laser cut for accuracy.

Baffles - Injection molded Grilamid material with a semi-matte Black finish. Optional painted baffles allows for additional design capabilities.

Reflectors - Precision-designed, injection molded Grilamid material for accurate distributions and powerful lighting effects. Three different distributions - 20° Narrow (20), 35° Medium (35), or 50° Wide (50) - or select from optional optics.

Optional Optics - Textured Diffuse Lens (TD), Hexcell Louver (HX), or Diffuse Lens (DF) snaps in behind the baffle. Optics cannot be combined.

Mounting(s) - Miaura Piix™ MRC modules are supplied with low-copper 6063-T6 extruded aluminum clips, which snap into the Miaura rail profile (safety cables should be connected to Miaura rail prior to module being installed on rail). Wiring (power and data) from Miaura Piix™ MRC is connected to tap-offs (located every 2 feet) from Miaura rail, then covered with field-cutttable blank cover.

Standard Luminaire Lengths - All standard luminaires are supplied in nominal lengths to ensure even distribution of optical cells. Runs and Configurations are available in approximately 2" increments starting at the nominal 8' fixture length.

** Individual modules are not joinable in the field.

Exact Length Luminaires - Individual modules are available in exact lengths to meet your project needs. Please consult factory with you requirements.

** Lens luminance may soften at the very ends for exact length modules.

Weight - 1.9 lb. per foot

Electrical/Performance:

LED Light Engine - Brand-name mid-power LEDs create a high efficiency LED light engine able to provide a lumen maintenance of 96% at 25,000 hours and 92% at 60,000 hours @ 25°C per TM-21 reports. Reported L70 greater than 60,000 hours.

Delivered Lumens - Due to the LED manufacturer's tolerances, the listed output has a ±5% tolerance. For outputs based on different optics or CCT, please see photometry section at the end.

CCT - Available in 2700K, 3000K, 3500K, and 4000K, tolerance within a 3-step MacAdam ellipse.

CRI - Minimum 90.

All Drivers - High efficient, constant current, soft start, Electronic Class 2 with a PFC>0.90. For more detailed information on the available drivers, please see page xx.

Thermal Performance:

Ambient Operating Temperature - Luminaires are suitable for Maximum ambient temperature of 35°C (95°F) for all drivers.

Luminaires are suitable for minimum ambient temperatures of:
 -40°C (-40°F) for DIM, DIL, DM, DML, and DED drivers.
 -20°C (-4°F) for SR drivers.
 0°C (32°F) for DC2, DC3, DCE, and DC5 drivers.

Luminaire Finish:

Powder Coat - All Selux luminaires are finished in high quality polyester powder coating in our Tiger Drylac certified facility and are tested in accordance with test specifications for coatings from ASTM and PCI.

All products undergo a five stage intensive pretreatment process where product is thoroughly cleaned, phosphated, and sealed. Selux powder coated products provide excellent salt and humidity resistance as well as ultra violet resistance for color retention.

Standard colors for Miaura Piix™ MRC are White (WH), Black (BK), Semi-Matte Black (BL), and Silver (SV). Selux premium colors (SP) are available, please specify from your Selux color selection guide.

Warranty:

5 Year Limited LED Luminaire Warranty - Selux offers a 5 Year Limited Warranty to the original purchaser that the Miaura Piix™ MRC LED luminaire shall be free from defects in material and workmanship for up to five (5) years from date of shipment. This limited warranty covers the LED driver and LED light engine when installed according to Selux instructions and operated within the Ambient Temperature. For additional details and exclusions, see "Selux Terms and Condition of Sale."

Certifications and Compliance:

NRTL - For Dry and Damp location (I.E. cULus; cCSAus)
 ADA Compliant
 ARRA Compliant
 RoHS Compliant
 Living Building Challenge Compliant
